REPORT OF THE COMMITTEE ON FINANCE.

The Joint Standing Committee on Finance, in conformity with the requirements of the Ordinance prescribing their duties, "establishing a system of accountability in the expenditures of the city," submit to the City Council their annual report of the receipts and expenditures of the financial year ending February 1, 1860.

We have examined the Treasurer's books, and those of the City Clerk, and find that all payments therein recorded are duly authenticated with appropriate vouchers, and that the several items, footing and balances, are correctly cast, and stated, and that the books of those officers have been faithfully kept, and with a system that cannot fail to give satisfaction to the tax-payers of the city.

SEVENTH ANNUAL REPORT
OF THE
COMMITTEE ON THE CITY FARM.

To the Board of Mayor and Aldermen :

Appraised value of farm and buildings in 1859,	\$7630.00
Appraised value of personal property in 1859,	2941.18
Improvements in addition to house,	150.00

Appraised value of farm and buildings in 1860,	\$8000.00
Appraised value of personal property in 1860,	3031.62

Amount of Expenditures at the farm for the year ending Feb. 1, 1860,	} \$880.79
Amount of Receipts for the year ending Feb. 1, 1860,	} 852.44

Number of paupers at the farm, Feb. 1, 1860,	18
Average number,	19
Whole number for the year,	36
Died,	1
Lodged and fed one night or more,	38

Success in agricultural management is evinced by the abundant products of the farm and the good condition in which they were harvested. The former reputation for neatness and order in household affairs is still sustained, while the wants of the poor have been promptly and kindly regarded. Ministers of the gospel and others, caring for the religious interests of the poor, in their occasional visits, have found a welcome reception. No one has been more responsible for visiting the sick, attendance at funerals, and conducting religious exercises at the farm, than Rev. Asa P. Tenney, whose gratuitous labors have been enjoyed during twenty-seven years.

Your committee believe that a source of income exists, which has not yet been duly appreciated by the City. The granite ledge near the center of the farm is abundant in its resources for building, and easy of access to the Railroad. Three acres of valuable pasture land have been broken for the benefit of the quarry, which is wrought with considerable profit to the laborer, and should not fail to make adequate returns to the City Treasury.

Another subject claiming the attention of the City, is loss of land by the action of Merrimack river, diverted from its original course in the construction of the Northern Railroad. The only remedy is found in rubbing the bank, which should be done as soon as practicable.

Respectfully submitted,

IRA ROWELL,	} <i>Committee.</i>
STEPHEN CARLETON,	
ISAAC VIRGIN,	

REPORT OF THE CHIEF ENGINEER.

To His Honor the Mayor, and the Board of Aldermen of the City of Concord :

In accordance with the third section of " an ordinance relative to the Fire Department," the Chief Engineer, submits the subjoined report for the year ending January 31, 1860 :

During the year the Department has been called into service twenty-three times, as follows :

1860. Jan. 12.—Dwelling house of Joseph French, occupied by John T. Kimball, near Franklin street. Loss on house trifling. Accidental. Child 4 years of age fatally burned.

The above presents the following :

SUMMARY :

Estimated losses,	-	-	-	-	-	-	\$89,750
Insurance,	-	-	-	-	-	-	44,900
							<hr/>
Net losses,	-	-	-	-	-	-	\$44,850

The undersigned with a deputation from the Board of Engineers have made a personal inspection of the houses and apparatus of the Department and find the same, very generally, in good order and condition. They have appraised the property of the city in charge of the Department and subjoin an estimate of the same. In this estimate is not included furniture and fixtures, which it was thought unnecessary to present in detail. Suffice it to say that the houses are comfortably and conveniently furnished. In this connection and to supply deficiencies noted, I would recommend the purchase of 300 feet leather hose for Engine Co. No. 4, and a set (4) of oil suits for Concord Railroad Hydrant and Hose Co.

I cannot too urgently impress upon the City government the want of water for the extinguishment of fires, in certain localities, more particularly in the compact part of the city. The views of the Board of Engineers on this subject were fully expressed to the Water Committee, and will be found embodied in the report recently made by that committee, to which I would respectfully refer you.

In obedience to instructions from the city authorities the two small engines formerly in possession of the boys have been taken in charge by the Engineers and securely housed. They have been advertised and negotiations for their sale are pending.

The ordinance recently adopted by the City Council in relation to the Fire Department, has met the cordial approval of the several companies, and I do not doubt will result favorably to both parties in interest, and prove advantageous, personally to the firemen, as well as to the security and pecuniary interests of the city.

The undersigned has been ably seconded in all his efforts by the Assistant Engineers, and his official duties have been greatly lightened by their prompt services at fires, and the unity which has prevailed

in the councils of the Board. Declining a re-appointment, from prudential motives, he cannot permit this occasion to pass without a return of his acknowledgements for the hearty support invariably tendered by the members of the entire Department, and to congratulate them upon the harmony and good feeling at this time so universally felt and displayed.

ABEL B. HOLT,
Chief Engineer.

Gale's garden. The one in rear of Morrill & Silsby's former store has been entirely drained by recent excavations for cellars.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

FOR THE YEAR ENDING JANUARY 28, 1860.

To the City Council of the City of Concord :

In accordance with the requirements of the Ordinance establishing a Public Library, the undersigned present this their report of the condition of the institution for the year ending Jan. 28, 1860.

During the past year, 232 volumes have been added, by purchase, to the Library. The whole number of books for general reading and circulation is 2345. Besides these, there are 616 volumes of books of reference which have been presented at sundry times. The whole number of books in the Library is, therefore, 2961.

The appropriation of \$200 from the City Treasury, the present year, has been of indispensable service in supplying the Library with the books required to meet the demands of the constantly increasing number of subscribers. An appropriation of this amount at least, should be made annually, for some years to come, if the institution is to be sustained. The amount received from subscriptions is merely sufficient to meet the compensation of the Librarian and the expense of re-binding books, and other incidentals. For the supply of books, the Library must mainly rely, for the present, upon aid from the city government. We trust that its reliance will not be vain.

The Trustees feel that they have been fortunate in retaining during the year, the services of so faithful and efficient a Librarian as Mr. FREDERICK S. CRAWFORD. It is to be hoped that he will long continue to occupy a position which he so admirably fills. In June last, E. S. TOWLE, Esq., who had acceptably performed the duties of Treasurer, resigned, and J. C. A. WINGATE, Esq., was chosen to succeed him.

We would here acknowledge the donation of one volume, entitled "Kenneth," and seventy-five cents in money, from Mrs. J. A. Eames, of this city.

The statement of the Treasurer, J. C. A. Wingate, Esq., hereunto appended, shows the financial condition of the Library.

J. C. A. WINGATE, *Treasurer.*

Concord, January 28, 1860.

REPORT OF THE POLICE JUSTICE.

To His Honor the Mayor and the Board of Aldermen of the City of Concord :

I herewith respectfully submit the Seventh Annual Report of the Police Court of said City.

During the last fiscal year the whole number of entries upon the civil docket is 49.

The whole number of entries upon the criminal docket is 175.

In the criminal cases the offences charged are as follows, to wit :

Intoxication,	50
Assault and battery,	30
Selling intoxicating liquor,	14
Making brawl and tumult,	13
Keeping intoxicating liquor for sale,	7
Larceny,	7
Disorderly conduct,	6
Habitual truancy,	5
Feloniously breaking and entering buildings,	6
Passing counterfeit money,	5
Common drunkard,	3
Obtaining goods by false pretences,	3
Disturbing religious meeting,	3
Robbery,	2
Assault with intent to commit a rape,	2
Perjury,	2
Obstructing an officer,	2
Gross lewdness,	1
Threatening to injure another person,	1
Keeping a disorderly house,	1
Rescuing creatures while being driven to the pound,	1
Injuring the house of another in the night,	1
Not closing restaurant at ten o'clock in the evening,	1
Having counterfeit money with intent to pass it,	1
Maliciously injuring the tree of another,	1
Burning a barn,	1
Permitting cow to go at large in the street,	1
Riot,	1
Attempting to rescue a prisoner,	1
Discharging cannon within the compact part of the city,	1
Aiding in the escape of a prisoner from the State prison,	1
Hiring a recognized witness not to appear at Court,	1
Total,	—175

Of the foregoing were sentenced to pay fines,	72
Ordered to recognize to appear at S. J. Court,	39
Sentenced to House of Correction,	20
Dismissed or nol. pros.	15
Discharged,	16
Ordered to find sureties to keep the peace,	1
Sentenced to Jail,	6
Sentenced to House of Reformation,	2
Quashed,	4
Total,	—175

I respectfully suggest for consideration, whether some additional regulations would not be useful to prevent the escape of offenders, who are sentenced to the House of Correction. The frequency of such escapes during the past year has induced the Court in some instances to commit to Jail, persons, for whom the House of Correction would otherwise have been a more suitable and less expensive place of punishment.

The undersigned charges himself as Police Justice, as follows, to wit :—

Amount of fines received during said year,	\$190·00
Amount of fees and costs,	368·47
	<hr/>
	\$558·47

And discharges himself as follows, to wit :
